PRIDDY FOLK FESTIVAL 2023

Friday 7th July to Sunday 9th July

Craft and Trade Information

Priddy Folk Festival is held on and around Priddy Village Green. A full programme of musical and other events will be held throughout the weekend. We expect thousands of people to attend, with free public access to all the trading areas.

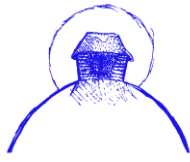

As per last few years we will be concentrating the craft and trade space in a field on the left hand side of the main road as you leave the village from the green. Again to make the most of this new site we have decided to limit trading to just this field with no trading on the green itself.

Therefore trading categorisation and prices are as follows

1. Traders (in the field)
 - Sales of non food merchandise – please read important note below re depth of pitch
 - £58 per metre of stall frontage or £78 with power supply.
2. Craft Traders (in the field)
 - Sales of non food merchandise – **ALL** products must be made by the stall holder
 - £45 per metre of stall frontage or £65 with power supply (in the field)
3. Henna/Tattoo/Face Painting/Hair Braiding is a minimum of £130 (no power)
4. Craft demonstrations and registered charities - Demonstrators of crafts – ongoing demonstration of crafts – **No selling.** Free pitch – limited availability and size, sharing of pitch maybe considered
5. Craft demonstrations and registered charities (in the field)
 - Demonstrators of crafts – ongoing demonstrations – **no selling**
 - Free pitch – limited availability and size (single days and pitch sharing maybe considered). Must be manned fully and set up for main trading hours

Important information

- All pitches are sold at a minimum 2m charge
- The maximum depth is 9m in field,
- Please take into account the size of all the space you require including the stall, camping and vehicles. If your vehicle needs to go side on with an awning as your stall - the pitch width is the larger of the two items which is normally the width of your vehicle
- You will NOT be able to overspill in any direction. All items for sale must go behind your pitch line.
- There is no room in the new field for any drift and there is no spare space.
- If you want to save space we can arrange parking for your vehicle/s in a separate field.
- It is likely that stalls with less depth requested will be allocated space near the entry of the field, however, this cannot be guaranteed.
- If you require more space than usual because of these new rules please book more frontage to compensate
